

3 November 2014

TO WHOM IT MAY CONCERN

SUBJECT: ISO.9001.2015 Certification Commitment

This letter provides confirmation that Saudi Polymers Company (SPCo), located in Jubail, Saudi Arabia is committed to acquiring ISO.9001.2015 certification for its manufacturing facilities. Pursuit of ISO.9001.2008 certification has now been dropped due to recent notification that it will become obsolete with a new version to be issued in 3Q 2015. Given that the changes in the new version are significant we have re-focused our efforts on achieving ISO.9001.2015 certification with a target of first quarter 2016.

This letter is being issued at the request of our customers.

Yours Truly

Jim T. Becker
Executive President
Saudi Polymers Company (SPCo)
